

SuperKlean

Environmentally Exceptional Hot Water Sanitation Products

Hose Station Temperature Gauge

- All-Stainless Construction
- Hermetically Sealed
- Standard External Reset for Easy Calibration

10

Mounting Connection: 1/2" NPT

Head, Bezel, Mounting Bushing, Stem: 304SS

Accuracy Back and Adjustable: $\pm 1.5\%$ Full Scale
Bottom: $\pm 2\%$ Full Scale

Dial Size 3"

Stem Length 2.5"

Stem Diameter 1/4"

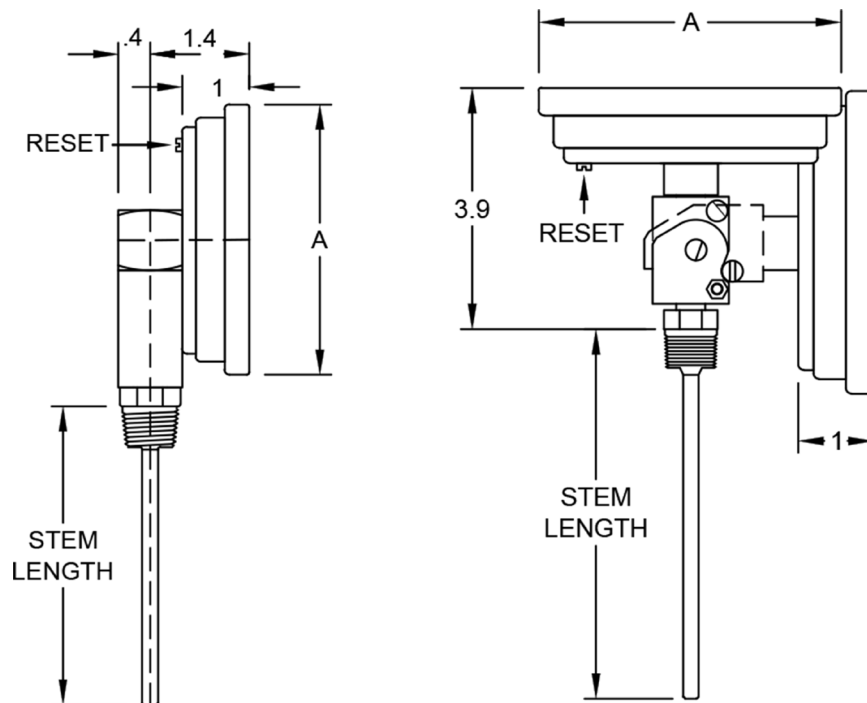

Environmental Protection: IP65, Hermetically Sealed

Lens Material:

Temperature Range: 50~300 °F & 10~150 °C

Recommended Operative Conditions

Maximum Temperature: 200 °F (93 °C)

All dimensions are in inches.
